Double Glazing

What a delightful holiday home this **Cosalt Devon** is, the back door leads into the hallway, to your right is the comfortable sized twin room, the charming main bedroom is across in-front of you and between the two bedrooms sits the most wonderful bathroom, *it is huge!!* A good-sized shower stands in one corner and a bath stretches across the far wall, it has the usual sink and loo, plus a separate toilet beside the back door. Turning left, you move into the kitchen, which has an integral fridge freezer and plenty of storage space.

The dining area sits opposite with a table and chairs and has a feature half-pannelled wall, the lounge has a free standing settee and a fixed mock settee. The fireplace is the centrepiece of the room. This holiday home also benefits from having central heating and double-glazing, and comes complete with a good sized PVC decking. This is one not to be missed, viewing is highly recommended. *So hurry before it sells!!*
