The Oakwood is a lovely holiday home in every way, which oozes timeless modern elegance.

Its stunning kitchen includes black marble effect work tops, stylish breakfast bar stools, eye level oven and grill, integral fridge freezer and stainless steel sink. The lounge area has a comfortable settee, smoked glass fronted cabinets and a decorative pebble electric fire. The free-standing dining suite stands in the bay window with wooden blinds, the hallway leads to the shower-room, opposite that is the twin room with matching bedspreads and curtains, the main bedroom has a full length window with long drapes, an elegant bedspread with cushions all matching, a decent amount of wardrobe space and its own personal en-suite bathroom ...yes we mean 'bath' room!
